PROJECTS

Personal Portfolio Website

📍 Online

A personal portfolio website to exhibit work and skills.

- Designed and developed a responsive portfolio website showcasing personal projects, technical skills, and achievements.

Indian-News Website

📍 Local-Host

A News Website using API, HTML, CSS, JAVASCRIPT, SQL

- "Developed a dynamic news website using HTML, CSS, and JavaScript to provide real-time news updates. Integrated APIs to fetch and display live news from multiple sources. Ensured a responsive and user-friendly design for seamless access across devices. Focused on optimizing website performance and maintaining up-to-date content."

Food Ordering Website

📍 Online

A Food Ordering website using HTML, CSS, JAVASCRIPT

- "Currently developing a responsive food ordering website using HTML, CSS, and JavaScript. Working on integrating features such as real-time menu updates, payment gateway, and order tracking. Focused on ensuring seamless user experience and mobile compatibility. The project is in progress, aiming to provide an intuitive platform for online food ordering."
